

# Pharmacy Technician Training

***Nationally Certified Program!***

**A 4-MONTH COURSE TO PREPARE STUDENTS FOR ENTRY-LEVEL EMPLOYMENT IN A PHARMACY ENVIRONMENT.**

If you would enjoy working in the fast growing medical field, have good accuracy and attention to detail, want to pursue an exciting career where you will be a valuable part of a health care team, then a career as a Pharmacy Technician is for you!

Pharmacy Technicians work in a variety of medical and retail settings and there is a great demand for well-trained, certified professionals in this field. Job placement assistance is provided for graduates!

Students will receive comprehensive training to master the skills required for a professional Pharmacy Technician and preparation for the national certification exam through the The Institute for Certification of Pharmacy Technicians (ICPT).

- Instruction includes hands-on training utilizing the equipment and materials found in pharmacies.
- Successful graduates of this approved training program are eligible to sit for the National Certification Exam.
- Students who pass the exam will earn the CPhT designation.
